These balances have met the rigorous standards set forth by the National Conference on Weights and Measures Handbook 44, for legal-for-trade use. The GF Legal-for-Trade balances are ideal for pharmacy and retail applications or any situation that requires a legal-for-trade toploading balance.

GF balances include outstanding features such as an IP54 splash proof keyboard and display, a bright vacuum fluorescent display, bi-directional RS-232C and display auto power off. The balances are standard with large square weighing pans, a front leveling bubble, and an instruction card that swings out from the bottom of the balance for quick reference.

Each balance is accompanied by the industry leading five-year warranty, assuring long lasting quality and performance.
