

visit [www.balances.com](http://www.balances.com) for balances at great prices

	<b>SECURA</b>	<b>QUINTIX</b>	<b>PRACTUM</b>
Display Design	Color Capacitive Touch with swipe Technology	Color Capacitive Touch with swipe Technology	Color Capacitive Touch with swipe Technology
Balance Operation/Menu Navigation	Simple touch-technology with easy to read and understand I-cons. No manual needed! Operation in all languages	Simple touch-technology with easy to read and understand I-cons. No manual needed! Operation in all languages	Simple touch-technology with easy to read and understand I-cons. No manual needed! Operation in all languages
Application Modes	7 Standard Applications 4 special applications (mixing, Conversion, statistics, components)	7 Standard Applications 4 special applications (mixing, Conversion, statistics, components)	7 applications
Calibration	isoCAL; fully automatic or manual internal calibration, menu selectable Calibration reports stored in balance	isoCAL / fully automatic, fixed time and temp. controlled External Calibration	External Calibration
Mechanical & Electronic Design	3rd generation Monolithic weight cell with advanced software & microprocessor, superior Overload protection	Monolithic and Strain Gauge Technology. Advanced software & microprocessor, superior overload protection	Monolithic and Strain Gauge Technology. Advanced software & microprocessor, superior overload protection
Housing Design	Aluminum Die-cast base with coated ABS top housing	Aluminum Die-cast base with coated ABS top housing	Aluminum Die-cast base with ABS bottom and top housing
Leveling System	Opto-electronic leveling self-level guidance system, insures leveled balance and optimal weighing	Front level bubble with two front leveling wheels	Front level bubble with two front leveling wheels
GLP/GMP Data Capability	GLP conformance with built-in time and date function	GLP conformance with built-in time and date function	No GLP printout
Selectable Print content and Format	Yes, with built-in data transfer software with PC text & spreadsheet formats	Yes, with built-in data transfer software with PC text & spreadsheet formats	Yes, with built-in data transfer software with PC text & spreadsheet formats
Communication Interface	Mini-USB with automatic printer, computer recognition	Mini-USB with automatic printer, computer recognition	Mini-USB with automatic printer, computer recognition
Draft Shield Design	Easily removable glass draft shield, with easy sliding removable doors Stainless steel base & draft shield support	Easily removable glass draft shield, with easy sliding removable doors White coated base plate	Easily removable glass draft shield, with easy sliding removable doors White coated base plate
Safety Weighing SQmin	Programmable Min.weight value displayed on screen in red. Built-in level verification, Password Protection, memory tracking	Not applicable	Not applicable
NTEP Approvals (pending)	Pending	Pending	not available
Analytical draft support ring	Yes	Optional	Optional
SBI/XBPI protocol	Yes	Yes	Yes
Internal Clock	Yes	Yes	No
Acoustic balance signal	Yes (4 settings)	Yes (4 settings)	Yes (4 settings)
In-use plastic cover	Yes	Yes	Yes
Weigh-below Hook	Yes	Yes	Yes
Balance models	9	12	9
Lock down capable	Yes	Yes	Yes
